Wyoming	<p>Physicians and physician assistants not licensed in Wyoming may qualify to work here during the declared public health emergency through the "consultation exemption." If approved to do so, the physician or physician assistant is considered to be "consulting" with the State Health Officer. The exemption from licensure, if approved, will be valid until the earlier of the end of the Public Health Emergency or the termination by the State Health Officer of the physician's or physician assistant's "consultation."
